PRINCIPAL'S MESSAGE

The festivities Calendar preceding the year 2021 - '22 was marred by breaks in the academic years due to the pandemic that had hit the world in 2020. All walks of society were affected in one way or the other. Adults lost their jobs, students were affected in the teaching learning department. Online teaching replaced the usual live teacher/taught interaction which suffered even while the students were deprived of the all-important social interaction so necessary for their all-round development.

The year 2021 - '22, saw resurgence in effort by teachers and students in the upliftment of the academic and co-curricular spheres. Inspite of the perverse circumstances, we appreciate the efforts taken by all our teachers in the last two years to have effectively imparted the desired education both online and offline. The whole hearted participation of our students even during the stressful lockdown and pandemic period is laudable. We take the opportunity to thank our parents and well-wishers for their relentless support throughout this trying period.

All students with parents' support are urged to come forward with their renewed projects. In addition we invoke the blessings of the almighty in furthering our efforts to transcend their previous years' performance. God bless St. Xavier's Panchkula.
